APPROVAL: 

POLICY

Registrants of NSCMIRTP must meet the criteria as set out in this policy to be approved for a license to work as a medical imaging and radiation therapy professional (MIRTP) in the province of Nova Scotia.

RATIONALE

As the regulator for MIRTs in the province of Nova Scotia it is the mandate of NSCMIRTP to ensure those granted a license to practice have met a minimum standard. This standard ensures all MIRTPs have the requisite knowledge, skills, judgement, and good character to provide the public with competent professional care.

PROCEDURE

As outlined in the registration documents all applicants must provide required proof of meeting the following standards;

- Successful completion of an approved program in the specified discipline(s).
- Successful completion of an approved entrance to practice examination(s) in the selected discipline(s)
 - For applicants educated outside of Quebec this will be either CAMRT or Sonography Canada entrance to practice exams
 - For those completing a Quebec MIRT education program, this will be either the CAMRT, Sonography Canada or the Ordre des Technologies en Imagerie Medical en Radiooncologie et en Electrophysiologie Medicale du Quebec (OTIMROEPMQ) exam(s).
- Copy of government issued photo ID
- Documentation of name change if current name does not match submitted documents
- Legal entitlement to work in Canada
- English Language proficiency in reading and writing
- Good Character via submission of a clean vulnerable sector check and clear internet search
- Clinical practice hours within the past 5 years
- Evidence of sufficient personal professional liability insurance
- Successful completion of NSCMIRTP jurisprudence module
- If transferring from another regulated jurisdiction, CFTA form
